

# LoRaWAN® Starter Kits

Explore More Possibilities with  
LoRaWAN® Technology

Maximum Flexibility

Higher Performance

Minimum Cost

# Smart Building Solution

Milesight Smart Building Kit integrates the state-of-the-art technology into Gateways, Sensors, and LoRaWAN® controllers to offer a device-to-cloud solution. This kit is bundled together with rugged-design hardware and software, along with the capability allowing you to easily monitor and manage your device inside buildings and increase operational efficiency.

## Solution Highlights

- ◀ Better use of office place
- ◀ Actionable utilization insights
- ◀ Create a more comfortable indoor ambience
- ◀ Improve value addition and collaboration
- ◀ Increase indoor safety

## Featured Kit

## Product Details

1-Year Free Trial

### Milesight IoT Cloud

- Field Data Visualization
- Remote Monitoring & Control
- Real-time Alerts
- Security & Reliability
- 1-Year for Free

### AM107 Indoor Ambience Sensor

- Motion
- Humidity
- Temperature
- Light
- CO<sub>2</sub>
- TVOC
- Barometric Pressure

### UG65 Semi-Industrial LoRaWAN® Gateway

- GE, 4G, Wi-Fi
- 8 Channels
- GPS
- Up to 2000 Nodes
- Over 15km Radio Communication Range
- Free Embedded NS

### EM300 IoT Sensor

- IP67 Waterproof
- LoRaWAN® Wireless
- 5/10 Years Battery Life
- NFC for Configuring

### UC11xx LoRa Controller

- DI & DO
- 2 x AI
- RS232 & RS485
